2 EXECUTIVE SUMMARY

Proposal Addressed to:	Procurement Department
Date of Technical Proposal:	September 16, 2024
Subject of Approval:	Request for Approval of M-Baraka Topup.

We offer to provide the services described in the Statement of Requirements, in accordance with the terms and conditions stated in this technical proposal referenced above.

We undertake to abide by the Code of Ethical Conduct for Bidders and Providers during the procurement process and the execution of any resulting contract.

3 COMMENTS ON STATEMENT OF REQUIREMENTS

3.1 DATA SECURITY AND INTEGRITY OF DATA

The Mobile banking offered by TrimLine Solutions is compliant with international accepted standards for secure storage of data on servers and transmission of sensitive data over networks (username/ password, encrypting, biometric access etc.). The integrity of the database must be guaranteed against hacking, system corruption, and unauthorized manipulation. The system logs all security related events. e.g., security features passwords control, etc.

3.2 DISASTER RECOVERY STRATEGIES

The system allows for automated and manual backups over the network. Disaster recovery strategies for the database are provided comprehensively in the user manuals, this ensures that recovery and/or reconstitution of a corrupt or non-accessible database can be achieved in a minimum of time. e.g., backups, restoration process, etc.

3.3 SUPPORT

We provide initial start-up support to users of the system. As users get acquainted to the system new ideas or areas that might not have been analyzed earlier arise. We discuss advice and agree on tackling these new ideas. We evaluate any areas that might require further attention through help desk, e-mail, telephone, remote assistance over the Internet and on site visits.

4 COSTING STRUCTURE

We, the undersigned, offer to provide the consulting services for the Supply, Delivery, Installation, Implementation, Integration and Commissioning of Mobile Banking on:

4.1.1 Implementation plus revenue share

Functional Components		Unit Price	Total (Kshs)
	Quantity		
M-Baraka Top-up	1	50,000.00	50,000.00
TOTAL			50,000.00

5 TRIMLINE SOLUTIONS PROFILE

5.1 WHO ARE WE?

At TrimLine we recognize the fact that quality software comes as a result of a quality Development Process. In view of this, we have implemented a Project Management Process through which quality is continuously monitored and ensured along the Software Development Cycle.
